

THE KNIGHTS TEMPLAR OF ENGLAND AND WALES

Templar Sites Web-site Project

Please...

- **fill in what you know** – if a field is inappropriate or unknown, please indicate this or leave it blank – we certainly do not expect every form to be complete in every detail!
- **additional useful information** that does not naturally sit in one of our categories, or if your entry for a particular box is lengthy or complex – just attach another document and enter ‘see attached’;
- **refer to the website**, where you can see the kind of information we are looking for on existing pages – Temple Church, Cornwall is quite a good example. There are also *definitions* of terms and fields.
- if you have **internet access** and **MS Word**, you can save us retyping – just complete the form on your computer, and email it! Download: <http://www.ancientquest.com/templarsites/form.doc>

Many thanks for your help with this project!
